

Name: **Teagan**Date and Subject: **June 9th, Character Education**

Recap and Reflect: Flowchart

Write the Building Challenge from the Challenge Card here:

Build a model that shows a decision you made earlier this week.

In the box below, attach a photo or sketch or write a description of the LEGO® model you created:

This is a model of the decision I made to help my dad by emptying the dishwasher for him.

Show how your ideas about your model connect and lead to new ideas.

Write your ideas in the boxes.

My dad is very busy.

He works very hard around the house.

I would like to help around the house too.

There are chores that I could do around the house to help my parents.

I am going to empty the dishwasher to help my dad.
