

MAKER Connect – Make a Wearable

Wearables or wearable technology is being used more and more in everyday life. We see wearable technology in the form of health monitors, mind-controlled and gesture-controlled devices, invisibles, VR headsets, and smart watches that can pay for your shopping and even reveal your flight boarding pass. These are just a few of the many products that already exist.

Look at the images below.

- What can you see?
- What problems can you see?
- How did these problems occur?
- What new design opportunities are there?
