

# Make a Dancing Robot

## Maker Connect

Dancing is so much fun! Dancing can mean moving freestyle to the rhythm of music or it can be more formal like ballroom dancing, tap dancing, break dancing, ballet and modern dance.

Dancing can help you to express your personality and how you are feeling. Some types of dances are like codes and follow a set sequence of steps.

Look at the photos and think about these questions.

- What questions do you have?
- What ideas do you have?
- What can you make?
- Can you make your own dancing robot?
